## Summary

I am a problem solver and get things done! I help businesses, startups and leaders across the world to scale and grow their business with strategy and rigorous execution solutions across different business problems such as growth, GTM, marketing, content strategy, HR, portfolio, commercial growth, operational excellence, etc.

Having been a founding team member at TransformationX, a Dubai-based consulting firm, where I played dual roles as a management consultant and chief of staff. Partnered closely in the firm's zero-to-one journey—leading strategic client engagements while also driving internal firm-building initiatives across functions.

As an experienced management consultant having worked at two of the three MBB firms—BCG (Boston Consulting Group) and Bain & Company. My experience spans strategy and implementation projects with a focus on organization redesign, change management, sales acceleration, and performance improvement. At Bain, I supported global clients across APAC, EMEA, and the Americas in industries such as Technology, Media, Telecom, Healthcare, and Industrial Goods.

Prior to that, I led high-impact growth initiatives with implementation and mature consumer tech startup experience at Zomato as a Strategy & Operations Manager, driving expansion across ~500 Tier-2+ cities in India as part of the Central Strategy team.

I hold an MBA from IIM Bangalore and graduated as a gold medalist from Hansraj College, University of Delhi.

I help professionals and leaders build their personal brand on LinkedIn, where I have 5 Million+ impressions in a year and I mentor students and professionals in accelerating their careers. I am a content creator and regularly share career insights on Instagram @ruchikabhartiya.
